```
G
I wouldn't want to loose your love
April Wine
Capo 1st fret
                                                                       0
Key: G
                                                                             43
INTRO: C G F
                                                                              4
                         Dm
                                                                              5
Easy now, don't let our love go wrong
                                                                      GBDGBG
                      Am
I'd never hurt you, or mean you any harm
                                                               Dm
D/F#
               F
Darling can't you see
                                                                            ø
                         G
                                                                 ø
                                                                          (3)
                                                                  €
                                                                    3
                                                                                 4
I wouldn't want to lose your love
                                                                     4
                                                                                 5
I wouldn't want to lose your love
                                                                    5
                                                                          CEGCE
                          D/F#
                                                                DADE
I couldn't stand the pain
                                                                           D
                                                                        XXO
                                   Bb F
                                                                            1
                                                             Em
You know it'd drive me insane
                                                               0 0 0
                                                                            0 02
Darling I need your love
                                                                             6 3
                                                                  2
                                                            00
                                    Dm
                                                                  3
And if tomorrow would be easier for you
                                                                                5
                                                                  4
                                                                  5
                                                                           DADF#
                                                           EBEGBE
                                                                       x o Am
And there's nothing that I can say or I can do
D/F#
                                                                            0 1
Well darling, please come home, you know
                                                                          00
                                                                               2
                          C G
