Go away from my window, go at your own chosen speed.

```

Go lightly from the ledge, babe, go lightly on the ground.

     Em                Dm               Em                     Dm
Someone who'll close his eyes for you, someone who'll close his heart.
     F                       G
Someone who'll die for you and more . . .
```

<chorus>

```
     C               Dm                 Em        Dm         C
Go melt back into the night, babe, everything inside me is stone.
         C            Dm              Em             C
There's nothing in here moving, and anyway I'm not alone.
     C                  Dm                    Em                   Dm
You say you're looking for someone to pick you up each time you fall,
     Em            Dm                  Em                  Dm
To gather flowers constantly, and to come each time you call,
      F                       G
A lover for your life and nothing more . . .
```
